

## **About Us**

VirtuSense Technologies is advancing the transformation of proactive healthcare for all. We keep loved ones well by providing actionable insights for physicians, caregivers, and families through AI, data, and innovative sensors.

We are a driven team that unites people of all ages and places with a common purpose. We work hard because we're passionate about improving the quality of people's lives. We have fun because we see each other as people before coworkers. We succeed because we are committed to working together to create a better future for everyone, not just ourselves. "We're here, so you'll be ok."

## **Role Summary**

The Logistics Team Lead oversees daily logistics and warehouse operations, ensuring accurate inventory control, timely order processing, shipping and receiving, and efficient movement of materials and equipment. This role leads and supports a small team, enforces processes, and serves as a hands-on leader to keep operations running smoothly.

**Department:** Logistics

**Reports To:** Logistics Manager

## **Key Responsibilities**

- Lead, train, and support logistics/warehouse staff in daily activities
- Process and support client orders daily
- Coordinate shipping, receiving, and inventory movements
- Ensure accurate inventory tracking, including serialized equipment
- Monitor workload, assign tasks, and prioritize daily operations
- Enforce safety standards, procedures, and best practices
- Investigate and resolve inventory discrepancies and shipping issues
- Maintain accurate records in inventory or warehouse management systems
- Collaborate with operations, purchasing, and other teams as needed to meet business needs
- Identify process improvements to increase efficiency and accuracy
- Be the primary point of contact for other departments
- Other duties as assigned

## **Qualifications**

- High school diploma (or equivalent) required. Associate degree preferred
- 3+ years of experience in logistics, warehouse, or inventory operations
- Previous leadership or team lead experience

- Computer literacy required. Basic proficiency in MS-Office suite
- Experience with WMS/ERP systems and inventory control processes
- Strong organizational, communication, and problem-solving skills
- Ability to lift up to 50 lbs. and work in a warehouse environment
- Self-motivated with a results-driven approach
- A team player

### **Skills & Competencies**

- Leadership and team coordination
- Attention to detail and accuracy
- Time management and prioritization
- Inventory and asset tracking
- Continuous improvement mindset

### **Work Environment**

- Warehouse and office environment
- May require standing, walking, and material handling
- Occasional overtime as business needs require

### **Physical & Work Requirements (Non-Negotiable)**

- Ability to stand for extended periods throughout the workday
- Ability to lift, carry, and move equipment weighing up to 50 lbs.
- Frequent bending, reaching, and manual handling of equipment
- Ability to work in a fast-paced, deadline-driven environment with quick turnaround expectations
