

### About Us

VirtuSense Technologies is advancing the transformation of proactive healthcare for all. We keep loved ones well by providing actionable insights for physicians, caregivers, and families through AI, data, and innovative sensors.

We are a driven team that unites people of all ages and places with a common purpose. We work hard because we're passionate about improving the quality of people's lives. We have fun because we see each other as people before coworkers. We succeed because we are committed to working together to create a better future for everyone, not just ourselves. "We're here, so you'll be ok."

### Role Summary

We are seeking a hands-on Technician to support high-throughput logistics operations involving assembly, testing, package, and shipment of orders. This role sits within the Logistics Department and requires speed, accuracy, and physical stamina. The technician will work across mechanical assemblies, compute units, and other system parts to ensure fast turnaround of inventory while maintaining quality and traceability.

This is not a desk role. Expect significant standing, lifting, and rapid task switching in a time-critical environment.

**Department:** Logistics

**Reports To:** Logistics Team Lead

### Responsibilities

- Prebuild assemblies for use during order fulfillment
- Order fulfillment and processing
- Follow processes to ensure order completion accuracy
- Use inventory system to move inventory to maintain accuracy
- Contribute to team effort
- Follow safety guidelines and company standards
- Maintain clean work space
- Other duties as assigned

### Requirements

- High school diploma (or equivalent) required. Associate degree preferred
- 2+ years of related experience
- Comfortable working across mechanical, electrical, and compute assemblies
- Computer literacy essential
- Basic proficiency in MS-Office suite
- Self-motivated with a results-driven approach
- Problem solving skills
- A team player

### Physical & Work Requirements (Non-Negotiable)

- Ability to stand for extended periods throughout the workday
- Ability to lift, carry, and move equipment weighing up to 50 lbs.

**VIRTUSENSE™**

## **Job Description – Logistics Technician**

- Frequent bending, reaching, and manual handling of equipment
- Fine motor skills for electronics assembly and rework
- Ability to work in a fast-paced, deadline-driven environment with quick turnaround expectations
